PolarPan™
ROUND PLUMBING PANS

*Patent Pending

POLARPAN24RND-SLV

Description

PolarPan Round Plumbing Pans are engineered to outperform metal and plastic alternatives. The PolarPan is designed for fast, easy installation, long-lasting durability, and maximum drainage - without the rust, breaks, leaks and corrosion associated with metal pans. The patent pending design features a recessed drain pocket and a 1 degree taper towards the drain, so water will never stand. Elevated lifters keep the unit away from any potential moisture.

Specifications

Color: Silver
Size: 24″ x 24″ x 3″ (61cm x 61cm x 8cm)
Weight: 3.4 lbs. (1.5 kg)
Material: Polymer
Temperature Range: -20°F to +180°F
Pallet Quantity: 40

Features & Benefits

- Rated for Gas and Electric Use
- Superior Drainage, Recessed Drain Port with 1 Degree Tape so that Water Will Easily Drain
- Recessed Pocket for Sensor Placement
- Includes 1" SCH 40 PVC Fitting
- Elevated Lifters Keep Unit Away from Moisture
- Tougher Part, Proven Strength & Durability
- Engineered & Designed to Resist Cracking, Breaking & Warping
- Rigid Construction, Always Flat
- Reinforced, Uniform Ribbing, Sidewalls
- Lightweight & Easy to Handle
- Constructed from High Grade, Impact-Resistant Polymers
- Resistant to Extreme Temperatures
- One Person Installation, No Additional Equipment Required
- Long Lifespan
- Consistent Coloring
- Nestable with Fittings Installed
- Consistent Availability, Lead Times
- This product has been tested in accordance to UL 94 V2 by an independent laboratory
- Tested at a Third-party Laboratory for Overall Strength & Durability
- Manufactured with Resin that Meets the Below Standards:
  - ASTM D4976 – PE233
  - FDA 21 CFR 177.1520(c) 3.2a, use conditions B through H per 21 CFR 176.170(c)

Disclaimer: Before installing, inspect equipment for any signs of damage that may have occurred during shipping. If damaged, do not use equipment.
